

FALL | WINTER 2024

 **Tranquillo**
THE FAIR SHOP

dress W24E152 Iily

SPIRITED AND WARM-HEARTED,...

...playful and a little bit unexpected: With vibrant colours in knits and prints we created a new winter collection for the lovers of "that certain something" in their wardrobes.

Through our fashion we connect with you: women who speak up for themselves and for others, not only through their style. We create sustainable clothing, keeping the world in mind. We only use materials that are gentle with the environment and with our customers.

We provide certifications for our products wherever possible.

Be with us on this winter's journey – let's stay connected!

Christian Amthor & Michael Kremer (CEOs)

GENTLE WITH YOUR SKIN – AND WITH THE PLANET

Our underwear line made from Tencel™ modal lies soft and tender on your skin like silk and lets it breathe. It protects and allows you to move freely. Tencel™ is produced in a closed loop system with the solvents going back into the process, which makes it the more sustainable choice in comparison with conventional viscose modal.

STRETCH JERSEY

95% organic cotton, 5% elastane, GOTS

The cotton we use in our jersey styles is organic. It is grown without toxic pesticides, herbicides, synthetic fertilizers or genetically modified seeds, resulting in a much lower impact on the environment and a high skin tolerability. Our stretch jersey is GOTS certified and super soft on your skin. Discover our five new prints and three new, solid colours!

ORGANIC COTTON KNIT

100% organic cotton, GOTS

Soft and cosy! Our knitwear is made from finest organic cotton, providing a high wearing comfort and a soft handfeel. Our knitwear is 100% GOTS certified!

WOOL

100% wool

Our wool accessories are hand-knitted in the Nepalese mountains. The raw material is derived from controlled organic sheep farming. This guarantees that no cruel treatments like mulesing are used. Wool is a highly functional fabric from nature: It keeps you warm and it has the ability to absorb a lot of water while keeping a dry hand feel.

ECOVERO™ CREPE VISCOSE

100% EcoVero™ Viscose by Lenzing™

Our new EcoVero™ fabric is a wintry viscose with a fine structure. EcoVero™ viscose fibres are developed by the Swiss company Lenzing™. They are made from sustainable wood and pulp, from certified and controlled forests.

FINE CORD

100% organic cotton, GOTS

Corduroy remains our favourite retro-fashion trend! In this winter we have it either in a classy dark blue colour or with an edgy print! This finer quality is woven from pure organic cotton and has a typical sporty and very fine groove structure.

TENCEL™ MODAL

95% modal (TENCEL™), 5% Elastane

Soft and smooth, with a high breathability and flexibility, our new favourite fabric from the house of Lenzing™ provides your skin with the tenderness it deserves. The raw material cellulose is derived from regrowing beech wood, using only non-toxic and biodegradable chemicals throughout the production. 95–99% of the solvents go back into the process. For its sustainable TENCEL™ fibre Lenzing™ was awarded with the “European Award for the Environment” by the European Union.

ECO STRETCH TWILL

97% organic cotton, 3% elastane, GOTS

Durable and stretchy, this fabric comes with a very fine twill structure and a super soft, almost velvety touch. GOTS certified organic cotton with 3% elastane, added for your perfect fit.

ECOVERO™ VISCOSE JERSEY

95% EcoVero™ Viscose by Lenzing™, 5% elastane

This winter we have jersey fabric in EcoVero™ viscose quality, providing an elegant drape and softer fall in our feminine dresses and blouses. EcoVero™ viscose fibres are developed by the Swiss company Lenzing™. They are made from sustainable wood and pulp from certified and controlled forests.

ORGANIC TWILL

100% organic cotton

Our winter jackets are made from organic cotton in a twill weave. Characteristics of this fabric are its durability and its high wearing comfort.

JACQUARD JERSEY

95% organic cotton, 5% elastane, GOTS

Our colourful fine jacquard fits like a jersey and comes with a knitted pattern design. GOTS certified organic cotton with 5% elastane makes this a super versatile fabric for all styles and fits.

ECOVERO™ VISCOSE RIB

80% EcoVero™ Viscose by Lenzing™, 20% nylon

Time to dress up with our modern cardigans, dress and tops in EcoVero™ viscose rib. The fibres of this fabric are developed by the Swiss company Lenzing™. They are made from sustainable wood and pulp, from certified and controlled forests. Our formfitting EcoVero™ rib styles are available in two colours.

ECO STRETCH DENIM

98% organic cotton, 2% elastane, GOTS

We want to make a difference with our denim! It is made out of 98% organic cotton. The GOTS certificate ensures there are no toxic chemicals used during the dyeing and washing process. A tiny portion of elastane makes our denims figure hugging and comfy.

HEAVY CORDUROY

100% organic cotton, GOTS

Adding another new corduroy quality this winter: super soft and made from 100% organic cotton. Discover those comfy styles that fit just everybody.

RECYCLED KNITTED FLEECE

100% recycled polyester

Our knitted fleece is 100 % recycled! We have it in two new wintery colours. This fabric is brushed on the inside and brings together the functional character of fleece and the delicate appearance of knits. It is lightweight and breathable, yet soft and lofty on the inside, keeping you warm and snug.

ECOVERO™ VISCOSE TWILL

80% EcoVero™ Viscose by Lenzing™

EcoVero™ viscose fibres are developed by the Swiss company Lenzing™. They are made from sustainable wood and pulp, from certified and controlled forests. EcoVero™ viscose is airy and breathable, with a floating drape. Our EcoVero™ viscose fabric shimmers with a twill structure. This winter it comes in two new prints.

NICKI

100% organic cotton, 20% recycled polyester, GOTS

Our favourite softie – the velvety, seductive blend of organic cotton and recycled polyester, GOTS certified, is back in two new colours. Enjoy a variety of styles – Tranquillo classics and new shapes – to either get comfy or to dress up in.

RECYCLED BRUSHED AND SHERPA FLEECE

100% recycled polyester

We use brushed fleece and sherpa fleece as a warming lining. Those lining fabrics are made from 100% certified recycled polyester. Snuggle up inside – all winter long!

The Global Organic Textile Standard (GOTS) is the international standard for the treatment of organically produced fibres.

certified by CU 844876
Tranquillo Lenzing is GRS certified. Only the products which are covered by a valid transaction certificate are GRS certified.

The Global Recycled Textiles Standard (GRS) verifies the use of recycled raw material in fabrics and sets standards for the production. It guarantees that social and ecological criteria are met throughout the whole supply chain.

PACKAGE DEALS

BUY IN BUNDLES!

Our articles marked with **package deal** are available in bundles of 10 pieces of same style and colour for a fantastic discount. This offer applies to our TENCEL™ styles, all underwear, accessories and socks.

MADE TO SUIT YOUR NEEDS

We offer you an accessories rack with our branding to display our accessories.

The hooks are detachable so you can move them as you like.

Get a rack for free and a discount on our underwear and socks, if you buy the display completely equipped – ask your local agent!

THE FAIR SHOP

We are taking an active part in our corporate social responsibility.

Our styles are made out of sustainable fabrics – either GOTS certified or 100 % recycled polyester and EcoVero™ Viscose by Lenzing™.

This guarantees not only an environmentally friendly and sustainable production, but ensures that the basic social standards of working conditions in all stages of the process are met. These include hygiene norms and a fair remuneration for the employees.

We constantly question each of our production steps, evaluate and improve our processes. Through close personal relationships with our partners in India we are working together towards a fair and sustainable future.

Please read more about our certifications as a fair fashion and lifestyle company on our website:
